No. W.2. 8091-48 dated 6-11448

Sir,

Sub: Allowances - Compensatory - Concessions granted to the staff employed in major Irrigation and Electricity schemes - Extension to the staff employed in the Cambodia Cotton and Hingari Jonna schemes at Siruguppa.

Ref: Government Memorandum No. 77243 AI/48-2 Development dated 26-7-48.

In my letter No. W.2. 4269-48 dated 9-7-48 I submitted proposals with regard to extension of the concessions granted in G.O. No. 587 P.W.D. dated 20-2-48 to the staff employed for the working of cambodia Cotton and Hingari Jonna schemes at Siruguppa. however Government in their Memorandum cited above ordered that they are not eligible for the concessions on the ground that the staff employed in the Tungabadra and Ramapadasagar projects alone are eligible for these concessions.

2. In this connection, I may state that the members of the staff in the Cambodia Cotton and Hingari Jonna schemes at Agricultural Research Station, Siruguppa are exclusively working for the Tungabadra Project area and are engaged in the improvement of Cotton and Jonna varieties suitable for the irrigated black cotton soils. Moreover the staff are working under similar circumstances as those under the Project schemes and I feel that their case deserve very sympathetic consideration and the concessions granted in G.O. No. 587 P.W.D. dated 20-2-48 should be extended to them also.

I request that Government may be pleased to reconsider the matter.

Balance

In my letter No.W.2.2091-48 dated 6/11/48, I requested Government to extend the concessions granted in G.O.No.587 P.W.D dated 20/2/48 to the members of the staff working on the Cambodia Cotton and Hingari Jonna schemes at the Agricultural Research Station, Siruguppa. In addition to the above staff there are at the station one Entomology Assistant sanctioned in G.O.No.2492 P.WD. dated 6/7/48 and one Botany Assistant sanctioned in G.O. Ms.No.4262 Development (P. & D) dated 16/8/48. The Entomology Assistant is working on problems relating to insect attack on hingari irrigated cholam which will be one of the main hingari crop in the project area and the Botany Assistant is working on the trial of indogeneous and exotic medicinal and economic plants which will be informed in the project area.

2. I presume that both the Assistans should be considered as staff specially employed for the project area and the concessions sanctioned in G.O. No.587 P.W.D. dated 20/2/48 should be extended to them also.

I request orders of Government.

R.M. Sundaram,
Director of Agriculture.

From the D.A.No.W.2.878/48 dated 22-11-48.

In G.O.No.Ms.587 P.W. dated 20-2-48 sanction was accorded to the grant of certain concessions and amenities as free quarters, lighting, electricity, water supply unhealthy localities allowance etc. to the staff employed on the investigation and execution of big irrigation and electricity schemes, e.g, Tungabhadra and Ramapadasagar, Moyar and Lower ~~Bharadso~~ Bhavani. In his letters on pp.1, & 3 c.f. he has submitted proposals for the extension of the concessions to the staff employed for the working of Cambodia cotton and Hungari Jonna schemes at ~~Sirugappa~~ Sirugappa in the Agrl. Research Station and to the Entomology and Botany Assistants working in the station.

2. It is reported that members of the staff in the Cambodia cotton and Hungari Jonna Schemes are working for the improvement of cotton and Jonna varieties suitable for irrigated black cotton soils, that the Entomology Assistant is working on problems relating to insect attack on hungari irrigated cholam and that the Botany Assistant is working on trial of indigenous and exotic medical and economic plants and that these items are exclusively for the Project Area. The D.A. also reports that the members of the above staff are working under similar circumstances as those under the Project schemes. He therefore feels that this
